- (b) Article 7 of the Framework Agreement provides, *inter alia*, that the Bank shall enjoy, in respect of its activities in the territory of the Republic of Moldova the treatment accorded to the international institution, which is most favoured in respect of any such activity, or, if that is more favourable, the treatment accorded under any international agreement covering such activities. The Bank makes the Credit available to the Borrower on the basis that, as an international financial institution, it has a right to equal treatment with other international financial institutions in accordance with the Framework Agreement.
- (c) The Republic of Moldova is a state party to the Convention on the Recognition and Enforcement of Foreign Arbitral Awards done at New York on 10 June 1958 (the "**New York Convention**").
- (d) By countersigning this Contract, the Republic of Moldova confirmed that the Project (as defined below) falls within the scope of the Framework Agreement. The Bank makes the Credit available to the Borrower on the basis that such statements continue to be true and correct in all respects during the term of this Contract.
- (e) The Borrower has stated that it is undertaking a project to improve the transport conditions including safety on the main corridors by rehabilitating and upgrading several motorway sections as well as constructing several city bypasses (each a "**Sub-Project**", and together the "**Project**" or the "**Sub-Projects**"), as more particularly described in the technical description (the "**Technical Description**") set out in Schedule A. - (n) The Bank considers that access to information plays an essential role in the reduction of environmental and social risks, including human rights violations, linked to the projects it finances and has therefore established its transparency policy, the purpose of which is to enhance the accountability of the Bank's group towards its stakeholders.

- (o) The Bank supports the implementation of international and European Union standards in the field of anti-money laundering and countering the financing of terrorism and promotes tax good governance standards. It has established policies and procedures to avoid the risk of misuse of its funds for purposes which are illegal or abusive in relation to applicable laws. The Bank's group statement on tax fraud, tax evasion, tax avoidance, aggressive tax planning, money laundering and financing of terrorism is available on the Bank's website and offers further guidance to the Bank's contracting counterparties.¹

The Bank shall deliver to the Borrower the amortisation table referred to in Article 4.1, if any, showing the Disbursement Date, the currency, the amount disbursed, the repayment terms and

the interest rate for each Tranche, not later than 10 (ten) calendar days after the Scheduled Disbursement Date for such Tranche.

ARTICLE 3

Interest

3.1 Rate of interest

3.1.A Fixed Rate Tranches

The Borrower shall pay interest on the outstanding balance of each Fixed Rate Tranche at the Fixed Rate quarterly, semi-annually or annually in arrear on the relevant Payment Dates as specified in the Disbursement Offer, commencing on the first such Payment Date following the Disbursement Date of the Tranche. If the period from the Disbursement Date to the first Payment Date is 15 (fifteen) days or less then the payment of interest accrued during such period shall be postponed to the following Payment Date. For the avoidance of doubt, a Tranche in GBP may only be disbursed on a Fixed Rate basis.

Interest shall be calculated on the basis of Article 5.1(a).

3.1.B Floating Rate Tranches

The Borrower shall pay interest on the outstanding balance of each Floating Rate Tranche at the Floating Rate quarterly or semi-annually in arrear on the relevant Payment Dates, as specified in the Disbursement Offer commencing on the first such Payment Date following the Disbursement Date of the Tranche. If the period from the Disbursement Date to the first Payment Date is 15 (fifteen) days or less then the payment of interest accrued during such period shall be postponed to the following Payment Date. For the avoidance of doubt, Floating Rate may only be applicable for Tranches in EUR or USD.

The Bank shall notify the Borrower of the Floating Rate within 10 (ten) days following the commencement of each Floating Rate Reference Period.

If pursuant to Articles 1.5 and 1.6 disbursement of any Floating Rate Tranche takes place after the Scheduled Disbursement Date the Relevant Interbank Rate applicable to the first Floating Rate Reference Period shall be determined in accordance with Schedule B for the Floating Rate Reference Period commencing on the Disbursement Date and note on the Scheduled Disbursement Date.

Interest shall be calculated in respect of each Floating Rate Reference Period on the basis of Article 5.1(b).

3.1.C Revision or Conversion of Tranches

Where the Borrower exercises an option to revise or convert the interest rate basis of a Tranche, it shall, from the effective Interest Revision/Conversion Date (in accordance with the procedure set out in Schedule D) pay interest at a rate determined in accordance with the provisions of Schedule D. For the avoidance of doubt, no rate conversion may apply as regards a Tranche disbursed in GBP as the case may be.

3.2 Interest on overdue sums

Without prejudice to Article 10 and by way of exception to Article 3.1 yet subject to Article 3.2 last paragraph, if the Borrower fails to pay any amount payable by it under this Contract on its due date, interest shall accrue on any overdue amount payable under the terms of this Contract from the due date to the date of actual payment at an annual rate equal to:

- (a) for overdue sums related to Floating Rate Tranches, the applicable Floating Rate plus 2% (200 basis points);
- (b) for overdue sums related to Fixed Rate Tranches, the higher of:
 - (i) the applicable Fixed Rate plus 2% (200 basis points); or

- (ii) the Relevant Interbank Rate (one month) plus 2% (200 basis points); and
- (c) for overdue sums other than under (a) or (b) above, the Relevant Interbank Rate (one month) plus 2% (200 basis points),

and shall be payable in accordance with the demand of the Bank. For the purpose of determining the Relevant Interbank Rate in relation to this Article 3.2 (b) and (c), the relevant periods within the meaning of Schedule B shall be successive periods of one (1) month commencing on the due date. Any unpaid but due interest may be capitalised in conformity with article 1154 of the Luxembourg Civil Code. For the avoidance of doubt, capitalisation of interest shall occur only for interest due but unpaid for a period of more than one year. The Borrower hereby agrees in advance to have the unpaid interest due for a period of more than one year compounded and that as of the capitalisation, such unpaid interest will in turn produce interest at the interest rate set out in this Article 3.2.

Notwithstanding Article 3.2 (c) above, if the overdue sum is in a currency for which no Relevant Interbank Rate is specified in this Contract, the relevant interbank rate, or as determined by the Bank, the relevant risk-free rate that is generally retained by the Bank for transactions in that currency, shall apply plus 2% (200 basis points), calculated in accordance with the market practice for such rate.

As regards any overdue sum payable in GBP currency under this Contract, any reference to the Relevant Interbank Rate under 3.2 (b) and (c) above shall, notwithstanding anything to the contrary, be deemed to be a reference to the Daily Rate as at the date falling two Relevant Business Days prior to the due date for the relevant overdue sum, provided that, if the relevant sum remains overdue for more than one month, the Daily Rate shall be reset as at the date falling two Relevant Business Days prior to each date falling monthly after the due date for the relevant overdue sum.

 - (ii) 2 (two) Business Days prior to the Scheduled Disbursement Date for Tranches to be disbursed in a currency other than EUR,

a Market Disruption Event occurs, the Bank may notify the Borrower that this Article 3.3 has come into effect.

Irrespective of the currency of disbursement accepted by the Borrower originally for the Tranche, the Bank shall notify to the Borrower the EUR equivalent to be disbursed on the Scheduled Disbursement Date. The rate of interest applicable to such Accepted Tranche until the Maturity Date or the Interest Revision/Conversion Date if any, shall be the rate (expressed as a percentage rate per annum) which is determined by the Bank to be the all-inclusive cost to the Bank for the funding of the relevant Tranche based upon the then applicable internally generated Bank reference rate or an alternative rate determination method reasonably determined by the Bank.

The Borrower shall have the right to refuse in writing such disbursement within the deadline specified in the notice and shall bear charges incurred as a result, if any, in which case the Bank shall not effect the disbursement and the corresponding portion of the Credit shall remain available for disbursement under Article 1.2. If the Borrower does not refuse the disbursement in time, the Parties agree that the disbursement in EUR and the conditions thereof shall be fully binding for all Parties.

The Spread or Fixed Rate previously accepted by the Borrower shall no longer be applicable.

If the Borrower accepts the Prepayment Notice no later than by the deadline (if any) specified in the Prepayment Notice, the Borrower shall effect the prepayment. In any other case, the Borrower may not effect the prepayment.

A.1. TECHNICAL DESCRIPTION

Purpose, Location

The project aims at improving transport conditions on the main corridors by rehabilitating and upgrading several sections, as well as constructing city bypasses. The main parameters consist in strengthening the pavement, removing bottlenecks and enhancing traffic safety.

Description

The main parameters consist in construction of two lane roads, enlargements, strengthening the pavement and enhancing traffic safety.

Initially selected road sections are:

Component 1: Chisinau South-Western bypass on R6, 6.6 km, consisting in upgrading a section of the existing Chisinau bypass from a four-lane interurban road with no lane separation and in poor condition to a 2x2 expressway standard road. The project works will comprise pavement strengthening, junctions and drainage improvements and construction of a median separation. The new road will be a rehabilitated 4x3.5 m wide road with a 2 m wide median and 2.5 m shoulders for a total platform width of 21 m and a design speed of 100 km/h.

Component 2: Improve the North-South M3 axis between Chisinau and Cimislia, comprising improvements of the safety on the existing 4-lane road between Chisinau and Porumbrei (33.5 km) and the construction of the Porumbrei to Cimislia connection (19.1 km)

The 4-lane road section from Chisinau to Porumbrei will be partially rehabilitated mainly to reconstruct some localised pavement failures and, above all, will be made safer through the installation of a carriageway separation, improved signing and safety devices. The Porumbrei to Cimislia section will be a new 2-lane 7 m wide interurban road with a design speed of 100km/h and will include some preparatory works in view of possible future enlargement to 2x2 when traffic levels will require.

Component 3: Comrat bypass on M3, 17.9 km, consisting in the construction of a new bypass to relieve this 25,000 inhabitants city, which is the capital of the autonomous Gagauzia region, of transit traffic. The new Comrat bypass will be a 2-lane 7 m wide interurban road with a design speed of 100km/h. Part of the bypass alignment has some earthworks and structures already built.

Further sections will be selected from the Transport and Logistics Strategy 2013-2022 subject to allocation due diligence.

The project will be co-financed with EBRD which will have a similar approach in selection of road sections, up to an equal investment cost. The components selected by EBRD for financing in the first phase are the rehabilitations of a 37km section on R33 Hancesti – Lapusna and a 32km section on R14 Balti – Sarateni (some EUR 50m).

Calendar

The project is expected to be completed before end of 2025.

then the rate for a (A) Term SOFR Fixing Day occurring on or after the Term SOFR Index Cessation Effective Date or (B) Term SOFR Recommended Rate Fixing Day occurring on or after the Term SOFR Recommended Rate Index Cessation Effective Date (as applicable) will be the rate (expressed as a percentage rate per annum) which is determined by the Bank to be the all-inclusive cost to the Bank for the funding of the relevant Tranche based upon the then applicable internally generated Bank reference rate or an alternative rate determination method reasonably determined by the Bank.

"US Government Securities Business Day" means any day other than:

- (c) in respect of a relevant period of more than one month for which a Screen Rate is not available, the rate resulting from a linear interpolation by reference to two Screen Rates, one of which is applicable for a period next shorter and the other for a period next longer than the length of the relevant period,

(the period for which the rate is taken or from which the rates are interpolated being the **"Representative Period"**).

For the purposes of paragraphs (a) to (c) above:

- (i) **"available"** means the rates, for given maturities, that are calculated and published by Global Rate Set Systems Ltd (GRSS), or such other service provider selected by the European Money Markets Institute (EMMI), or any successor to that function of EMMI, as determined by the Bank; and

If such Screen Rate is not so published, the Bank shall request the principal offices of four major banks in the euro-zone, selected by the Bank, to quote the rate at which EUR deposits in a comparable amount are offered by each of them, as at approximately 11:00 a.m., Brussels time on the Reset Date to prime banks in the euro-zone interbank market for a period equal to the Representative Period. If at least 2 (two) quotations are provided, the rate for that Reset Date will be the arithmetic mean of the quotations. If no sufficient quotations are provided as requested, the rate for that Reset Date will be the arithmetic mean of the rates quoted by major banks in the euro-zone, selected by the Bank, at approximately 11:00 a.m., Brussels time, on the day which falls 2 (two) Relevant Business Days after the Reset Date, for loans in EUR in a comparable amount to leading European banks for a period equal to the Representative Period. The Bank shall inform the Borrower without delay of the quotations received by the Bank.

All percentages resulting from any calculations referred to in this Schedule will be rounded, if necessary, to the nearest one thousandth of a percentage point, with halves being rounded up.

If any of the foregoing provisions becomes inconsistent with provisions adopted under the aegis of EMMI (or any successor to that function of EMMI as determined by the Bank) in respect of EURIBOR, the Bank may by notice to the Borrower amend the provision to bring it into line with such other provisions.

If the Screen Rate becomes permanently unavailable, the EURIBOR replacement rate will be the rate (inclusive of any spreads or adjustments) formally recommended by (i) the working group on euro risk-free rates established by the European Central Bank (ECB), the Financial Services and Markets Authority (FSMA), the European Securities and Markets Authority (ESMA) and the European Commission, or (ii) the European Money Market Institute, as the administrator of EURIBOR, or (iii) the competent authority responsible under Regulation (EU) 2016/1011 for supervising the European Money Market Institute, as the administrator of the EURIBOR, or (iv) the national competent authorities designated under Regulation (EU) 2016/1011, or (v) the European Central Bank.

If no Screen Rate and/or the EURIBOR replacement rate is available as provided above, EURIBOR shall be the rate (expressed as a percentage rate per annum) which is determined by the Bank to be the all-inclusive cost to the Bank for the funding of the relevant Tranche based upon the then applicable internally generated Bank reference rate or an alternative rate determination method reasonably determined by the Bank.
